

ASSIGNMENT

This assignment is optional

1. Write a report on the two crops you researched in the Set Task. Include a brief description of the growing conditions, nutrient requirements, suitable hydroponic systems, planting, cultural techniques, problems and harvesting operations associated with each crop. (Write no more than 2 pages)

2. Briefly describe how you would market the two crops. Include the following information:

- a) What postharvest treatments are used to improve the crops' shelf life?
 - b) What packaging is required?
 - d) Where would you market the crops – locally or overseas?
 - d) Is there a local growers association or marketing body that could assist you?
- (Write ½ to 1 page)

If you want to opt to submit your assignment and get them marked fill in the form below with a payment of \$50.00 (GST inc) to Australian Correspondence Schools, PO Box 2092, Nerang MDC, QLD 4211.
