

LESSON 2 - ASSIGNMENT

1. What resources would be desirable for optimum delivery of a Bachelors Degree course in Education?
 - a) List resources that would be valuable for the teaching staff.
 - b) List resources that would be valuable for the student.

2. Sometimes assessments (eg. assignment questions) are developed before course notes (information resources; and at other times, information resources are developed first. Which approach do you favour, and why?

3. Report on the set task (no more than one page).
